List of nursery stock

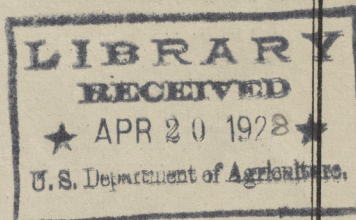

HERBST BROTHERS

ESTABLISHED 1876

95 FRONT STREET

NEW YORK

Tel. Bowling Green 9837

Being brokers we do not buy, sell, nor deal in nursery stock.

For your convenience in purchasing we keep at New York accurate records of the stock offered us for sale. At a moment's glance, we can determine the sizes and quantities available, the age of the plants, and the prices at which growers in various States are offering. You can only profit by soliciting our quotations as this service is gratis to the purchaser.

On the other hand, we shall be glad to list your stock at your regular prices, which must include our brokerage of 10%. In quoting, be sure to give us all particulars as to quantity available, age, size, source, and price.

Upon effecting a sale we send a notice to the seller of what we have sold for his account and always subject to his confirmation and give him the name of the buyer. A copy of this notice is sent to the purchaser. The goods are then shipped, billed and paid for direct; we do not interfere with the shipping of the goods or the financial side of the transaction.

We make sincere efforts to list only the stock of reliable reputable nurserymen and are equally discriminating in accepting orders, still we do not accept responsibility for the execution or payment of any transaction.

Our quotations are intended solely for the Wholesale Nursery trade, and business from others will not be accepted.

The prices are f.o.b. growers station, packing extra, usual terms. Only where "B. & B." is indicated, is the cost of balling and burlaping included.

Orders for quantities smaller than the unit quoted are subject to the proportionate price advances according to trade customs.

We shall be glad to receive your orders for submission to and acceptance by the growers of the stock offered.

INQUIRIES

We have at the moment inquiries for *Magnolia soulangeana* in lining out as well as full grown sizes. We could also place to good advantage quantities of Japanese Bloodleaf Maple in sizes ranging from 2 to 4 ft. and solicit your offerings.

We are offered:

Abies balsamea, Balsam Fir		
3-5 in. sdg.	\$ 10.00	per M.
3-5 in. tr.	20.00	" M.
